Honors: Dean's List (Fall 2022, Fall 2023, Spring 2024)

PROFESSIONAL EXPERIENCE

Great Southern Wood Preserving | Abbeville, AL   May 2023 – July 2023
Management Information Systems Intern
- Gained extensive experience in network maintenance and troubleshooting, including deploying computers, repairing PCs, configuring Cisco phones and switches, and resolving fiber issues
- Contributed to IT projects involving the installation of server racks, terminating cables, and optimizing network architecture, along with scripting in PowerShell to automate the cleanup of inactive ActiveDirectory accounts
- Enhanced skills in network security and architecture through hands-on experience and collaborative learning with professionals, while also volunteering for community service and participating in company-wide conferences to gain insights into organizational operations

Aptar CSP Technologies | Auburn, AL   May 2022 – August 2022
Information Systems Intern
- Implemented new workstations to the domain using network imaging for new employees and to phase out old machines
- Resolved technical issues with various network devices in a timely manner
- Trained on different software essential to large scale networks such as ActiveDirectory and RDP software

Auburn University Veterinary Medicine | Auburn, AL   May 2021 – August 2021
IT Assistant
- Applied problem solving to identify hardware and software issues and solve them effectively in order to provide students and faculty with working laptops
- Deployed workstations within set deadlines allowing new employees to start working on time

ACADEMIC PROJECTS

Database Management Systems Project | Auburn, AL   January 2023 – May 2023
- Designed and deployed a MySQL database for an antique furniture importing business

Advanced Business Application Development Capstone Project | Auburn, AL   August 2023 – December 2023
- Developed a password manager and generator using industry standard encryption and hashing with a modern GUI.
